OBJECTIVE

M.S. in Data Science graduate with skills in Artificial Intelligence, Machine Learning, and NLP. Experienced in building models from data preprocessing to deployment using React. Published research papers and filed a patent in real-time AI systems. Interested in creating smart, data-driven tools, deploying models at scale, and applying new AI/ML techniques to improve learning and user engagement.

EDUCATION

The International Institute Of Information Technology 2024-Present
Master of Science in Data Science

Hyderabad Institute Of Technology and Management 2020-2024
B.Tech in Computer Science and Engineering CGPA: 7.26

National Academy of Engineering (NAE) 2024
Grand Challenges Scholars Program (GCSP)

Bhashyam Junior College 2018-2020
Intermediate CGPA: 9.2

Bhashyam High School 2018
SSC CGPA: 9.8

EXPERIENCE

Associate Software engineer - LoginRadius | MAY - 2026 - Present

- Working on the product development and improvements

Ai developer Freelancer Kautilya Ai | November 2025 - January 2026

- Worked on automating leads generation
- Implemented snapchat and google ads automation

AI/ML Intern - BYOL ACADEMY | September 2025 - January 2026

- Working on real-time AI/ML projects, contributing to model development and deployment.
- Developed a Humaniser Model to make AI-generated content more natural and human-like, improving readability and engagement.
- Collaborated with the team to integrate ML pipelines and optimize model performance for production use on AWS.

Research Intern – Speech Lab | IIIT Hyderabad | July 2023 - February 2024

- Worked under the guidance of senior researchers at IIIT-H.
- Learned and implemented sentence tokenization techniques on TED talks and complex presentations.

- Gained exposure to speech and text processing workflows, laying the foundation for advanced NLP research.

SKILLS

- **Course Work:** Deep Learning, NLP, Computer Vision, CNNs, Machine Learning.
- **Programming:** Python, Java.
- **ML Frameworks:** TensorFlow, PyTorch, Scikit-learn, OpenCV.
- **Libraries:** NLTK, spaCy, Hugging Face Transformers.
- **Databases:** MySQL, MongoDB, Supabase.
- **Cloud & Tools:** GCP, Git, GitLab, Figma, Excel, Colab, AWS.
- **Web Development:** FastAPI, React.
- **Languages:** English, Telugu, Hindi.

PROJECTS

- **AI Humaniser**
  - Developed an AI-based Humanizer Model to convert AI-generated content into more natural, human-like language.
  - Designed and implemented a comprehensive pipeline for content humanisation, improving coherence, tone, and engagement in automated text generation.
  - Deployed the model on AWS EC2 instances, utilizing cloud infrastructure for high-performance training and scalable execution.
- **Learning Hub (MongoDB, React)**
  - Designed and developed an online program discovery module with advanced filtering options (category, duration, start date) for students.
  - Built and integrated a digital application submission workflow, enabling applicants to submit personal details, educational background, and statements of purpose with automated email confirmations.
  - Implemented a counselor review system that supports application approval/denial with reasons.

PATENTS AND PUBLICATIONS

C=CONFERENCE, J=JOURNAL, P=PATENT, S=IN SUBMISSION, T=THESIS

[P.1] VIOLENCE DETECTION

- An Improved Version of Artificial Intelligence and Machine Learning Algorithm to Detect The Percentages of Violence and Non-Violence from Real-Time CCTV Monitoring.
- **Patent Application No:** 202341029626

[C.1] Automated Bot Detection on Twitter Using URL Patterns and Learning Automata

Int. J. Eng. Tech. & Mgmt. Sci. Vol. 8, Issue 3, May-June 2024

DOI: 10.46647/ijetms.2024.v08i03.025

[C.2] Speaking Hands: Advancing Communication with Gesture Recognition Systems

International Conference on Computational Intelligence and Communication Networks (ICCICN-24)

CERTIFICATIONS AND UPSKILLING

- **Google Cloud Agentic AI** — Google 2025
- **Foundation Course on Generative AI** — Microsoft · 2023
- **Cloud Computing** — NPTEL · 2023
- **Workshop on Parallel Programming using OpenMP & CUDA** — VCET · 2023
